Hi there! Olivia here ready for new challenges! I'm a versatile designer who enjoys working for complex products. With more than 10 years of experience in the digital industry, I'm always keen to learn and evolve within the new technologies and methodologies of work.

I do have:

- Wider experience working in Ecommerce, Real State, Software, Fin-tech, Banking and Telco companies.
- Passion for collaborative, lean agile processes and methodologies and...
- I do enjoy the mentoring & coaching side in the life cycle of a designer.
